The Glorious Church

A teaching series on the heart of God for Church Life

The Glorious Church is a teaching series by Tony Fitzgerald, sharing his wealth of insight into the value of the Church Community and Church life. Many of these truths were established in the apostolic leadership of COTN at the birth of our Church of the Nations family. Over the years they have deepened and now form a foundational teaching tool in COTN around the world. Though we do not profess it as the last word on the matter, we do believe it holds many values which God desires to see cherished in His church.
